

## ANSE board newsletter

Dear ANSE delegates and national associations,

We would like to inform you about the decisions and plans made at the last board meeting in Brixen, December, 6<sup>th</sup> and 7<sup>th</sup>, 2008

1. The presidential meeting. We are happy to invite all presidents of national associations to the meeting in Vienna, March 6<sup>th</sup> and 7<sup>th</sup> 2009. The topics will be: ANSE policy, future goals, program, projects, your expectations and networking. We are looking forward to having a fruitful discussion with the presidents.

2. GRUNDTVIG program, next steps: Austria will support one participant from Romania, Hungary and Slovenia in the program. What the participant has to do is to come on his/her own costs to the first workshop in Vienna, 5<sup>th</sup> to 8<sup>th</sup> February 2009. Workshop program: 5<sup>th</sup> evening: gathering, workshop 6<sup>th</sup> till 7<sup>th</sup> afternoon. More details are expected from Michaela Judy.

3. Summer University: more information are expected in the middle of January 2009. We are informing you about the following programs to which you can apply to get some financial support to attend the summer university.

4. Decision on the membership of Belgium and Russia: Belgium is no longer a full member and Russia is no longer an associate member due to no contact and no answer from them and no membership fee paid for years. We are not able to inform both associations about the decision because there is no contact with them

5. Homepage: all national associations are asked to translate the following key word into their national language. Key words are necessary for the ANSE homepage to be more often offered by the web browsers

6. Wikipedia: we noticed that supervision was not very well presented in English version of Wikipedia. We are all aware that this is not a scientific source, but still many people find information there. So we thought that it would be fine to give them so we ask you all to check Wikipedia in your languages and see if it needs any more or better information and do not hesitate to change it.

7. Life long guidance: National forums for LLG are being founded in several EU countries. We are asking you to find out about the situation in your country. Maybe it will be important for our associations to join the forums. For now just try to find out about the situation.

This is all for the moment. More about Grundtvig and summer university is coming soon.

**We wish you all Merry Christmas and Happy New year.**
